MATT ALMS

Civil Engineer

EDUCATION AND SPECIAL TRAINING

A.A., Arapahoe Community College, 1992

B.S., Chemical Engineering, Colorado School of Mines, 2003

M.S., Environmental Science and Engineering, University of Colorado at Denver, 2007

REGISTRATIONS / CERTIFICATIONS

2008, Professional Engineer, Colorado

QUALIFICATIONS

Mr. Alms has served a wide variety of clients, school districts, and private developers performing as Project Engineer and Staff Engineer. His projects have included large residential and commercial land developments, public and private roadways, storm systems, flood control channels, floodplain mapping, regional detention facilities, earthen dams, planning, zoning and various environmental services. His specific tasks and management responsibilities have included completion of conceptual layout, planning, preliminary and final designs, drainage studies, easement and right-of-way acquisitions, cost estimates, specifications, construction drawings and coordination of various local, state, and federal permit applications for multiple facilities listed above.

PROFESSIONAL EXPERIENCE

2004 - Present – Western Engineering Consultants, Inc.

As a project engineer, Mr. Alms designs and manages site projects for residential and commercial developments, and municipal (water, wastewater, storm, drainage, and road) projects.
