## EXPERTISE

**SEAN EDWARD WEST**

---

***Registered Landscape Architect***

### EDUCATION AND SPECIAL TRAINING

Bachelor of Landscape Architecture Virginia Polytechnic Institute and State University  
Blacksburg, VA

### REGISTRATIONS / CERTIFICATIONS

Colorado Registration #LA-115  
Wyoming Registration #LA-0088B  
Council of Landscape Architectural Registration Board #3647

### QUALIFICATIONS

As Project Landscape Architect, Sean has been responsible for designing and managing projects from concept through planning approval, construction documentation and administration. Sean's best skills are ensuring that all professions are in coordination and that things are built correctly. Sean is also proficient with AutoCAD and skilled at detail design, grading and drainage. Sean has a passion for plants and enjoys designing and coordinating projects that are practical, cost effective and responsible. In Sean's thirteen years of experience in site design he has sought out and enjoyed a variety of experiences. Sean has participated in parks planning, community planning, contract administration, construction administration, consultant coordination, multidisciplinary design, design-build, as well as installation and maintenance contracting. Sean also enjoyed an additional two years in green industry non-design roles prior to completion of his course work. Sean has worked in both eastern and western environments on community, retail, residential, office, streetscape, parks and recreation center projects.

His achievements include:

- designed three playgrounds and two court renovations
- managed the design and construction of a four acre neighborhood park with a budget of \$900,000
- managed landscape architecture on fifty multidiscipline projects in a two year period
- developed and coordinated standard notes, details, specs and legends for three offices
- managed accounts, designed, sold, built and maintained residential landscapes for five years
- achieved personal goal of providing the best landscape design-build service in Winchester, Virginia area
- helped residential clients discover their needs and desires for outdoor spaces
- established a residential division for a young landscape contracting company
- established the first trail/ way finding sign system for a new state park as an Eagle Scout Project
